HARDY CHRYSANTHEMUMS

This year we have one of America's finest and most up-to-date collections. In this collection we have included representations of all groups, starting with the Azalea or Cushion Mums, large and medium doubles, singles, buttons, pompons, and including some of the best of the new English and Canadian. You will notice many of them are new this year, and many of them only of recent years. This new collection represents the originations of all the leading Chrysanthemum Hybridizers in this country, such as Bristol, Dr. Krause, of the University of Chicago, Lehmans, and Emberly, and many others including some of our own. In order to save space we have omitted the originators names as well as the year.

FLORIBUNDA ROSES

\$1.50 each 3 for \$4.00

These are especially fine for solid beds and borders. Ideal for cemetery planting because they are so easy to grow and bloom freely. Constantly in bloom from early summer until freezing. Very hardy, growing everywhere and requiring very little care.

PINOCCHIO - Pat. #484. A hardy plant producing an abundance of pointed buds of salmon-flushed gold, opening to miniature hybrid-tea like roses of soft clear pink and in great clusters.

RED PINOCCHIO - Pat. #812. Masses of $3\frac{1}{2}$ inch flowers in unfading clusters. Rich carmine; gradually deepen as blooms open. Prolific bloomer.

YELLOW PINOCCHIO - Pat. #992. Newest member of the Pinocchio family. Sturdy bush, producing great masses of blooms in an apricot-yellow color. When at the peak of bloom, it is a rounded mound of yellow.

WHITE PINOCCHIO - Pat. #1010. Full double glistening white.

GOLDILOCKS - Pat. #672. Charming golden yellow.

WORLDS FAIR - Pat. #362. Large velvety crimson, in clusters.

BROWNELL ROSE BUSHES SUB-ZERO HYBRID TEAS

Easier to Grow ----- Long to Live

\$1.75 each 3 for \$5.00 \$18.00 per dozen

A new race from the hardy species, *wichuriana* hybrid that can bloom all summer along with the more tender hybrid teas. The originator reports flowers of equal merit in size, form, fragrance and color and plants many times longer lived even after sub-zero winters.

ANNE VANDERBILT - Exquisite coppery orange, informal, semi-double, very brilliant, fragrant, constantly in color.

BREAK O'DAY - Orange to apricot, large, very double flowers, very vigorous, free bloomer, delightfully inspiring.

CURLY PINK - Matchless in the combination of size and form of bloom, beauty of cluster, bloom quantity, constancy, vigor and foliage, hardiness and performance. Many large, two-toned pink blossoms, in several stages, often form a gorgeous bouquet on a single stem, 2 or more feet long; over 50 gracefully recurled petals.

-Continued-

LILY PONS - White with pure yellow center, large, graceful flowers of indescribable delicacy; vigorous free bloomer. Often a feature of gardens in the cold Northwest.

ORANGE RUFFLES - New, enormous unique orange. Hard to believe when you see it bloom.

PINK PRINCESS - Bud-red, flowers deep pink, very popular, famous as the first Hybrid Tea from premature defoliation, very double, no spot.

QUEEN O' THE LAKES - Named for the Queen of Minnesota's Aquatic Sports. No Diving Beauty could show greater fullness of grace, brilliance and elegance of form, or color more beautiful than this charming crimson queen of flowers. The queen of all the double red. Deep velvety.

RED DUCHESS - Over the thirty years of hybridizing, never had we hoped to produce a Rose like this. Such captivating fragrance. Such a shade of rose-red. Such colorful foliage. No spot. Such a robust and sturdy sub-zero plant. While nearly all Brownell Roses are pleasingly fragrant, the magic of sunshine on these petals issues a new fragrance incomparably alluring in spicy sweetness and charm. One whiff is an experience to be remembered.

SHADES OF AUTUMN - An abundant and joyous expression of bi-colored beauty. Many have reported that this beautiful red, yellow and blush flower is gorgeously outstanding.

V FOR VICTORY - Most beautiful, large, very double, yellow, fragrant Roses; constantly blooming in ideal form. To numberless experts, there is no such long lasting loveliness in Roses. Reported a surprise at holding color.
